The screenshot shows the Oracle FreeSQL web interface. The left sidebar contains a 'Navigator' panel with 'My Schema' and 'Tables' sections. The main area displays a SQL script in a 'Worksheet' editor. The script includes several SQL statements: two INSERT statements, two UPDATE statements, a SELECT statement, and a DELETE statement. Below the script, the 'Query result' tab is active, showing a table with 5 rows and 6 columns: STUDENTID, STUDENTNAME, STUDENTAGE, STUDENTMARKS, and STUDENTDPT. The execution time is 0.005 seconds.

```
